## Details

### Description

The BR 40/25 C Ep is a compact and easy to operate scrubber drier with 240v mains power and twin roller brushes. The machine features a tank-in-tank system for the fresh and waste water, which provides great stability and reduces the machine's footprint. Maintenance and service friendly, all components are easily accessible and can be replaced in seconds, whilst a single knob controls all machine functions making the machine very simple to use. For use on all hard floor surfaces and perfect for routine cleaning, maintenance cleaning and polishing.

---

### Application

- Industry cleaning contractors - Workshops - Car dealerships

---

### Features & Benefits

- EASY control system Select the appropriate programme with a single knob and self explanatory symbol system
- A foot operated wheel is lowered for improved mobility between cleaning locations, also avoiding flat spotting of brushes
- Transparent drain hose shows the operator at a glance the water levels in the fresh water tank
- Folding push handle for space saving storage and easy transportation
- Wide range of brushes and pads available

---
